REPORT OF ROAD COMMISSIONER

Surface Retreatment of the East Proctor Road cost \$1,222.70 of which the state paid \$815.13.

The 5% and State Aid Money was used on the Chittenden Road, beginning at foot of Sand Hill, 1,600 feet were widened, filled, and gravelled. 360 feet of guard cable were erected.

The Unselected Road Fund of \$862.50 was expended on the Gleason Road where 4,000 feet were widened, ditched, and graded. The intersection of the Post Road and Woodstock Ave. was also widened and gravelled.

Calcium Chloride was applied to the Billings Road, Grove Street, and Chittenden Road. The State contributed \$267.80 or one-half the cost of this extra maintenance.

Beginning at the Rutland City line one-half mile on the Billings Road was shaped and resurfaced, the state paying two-thirds of this project or \$250.40. Resurfacing was also done south from Twin Bridges to Mill Village Chapel at a cost of \$285.60 of which the state paid \$190.60.

On October 27, 1934 the sum of \$3,700 was granted the town as a Special State Aid Fund. Unemployed men have worked and the money was been expended as follows: \$1,244.55 on the road between Mendon and East Pittsford where 2,250 feet were widened, filled, graveled; on the Chittenden Road where one and one-half miles were widened, shaped, and graveled. This part of the project cost \$2,482.73.

All accounts are paid to date, February 1, 1935.

To the School Board of Rutland Town:

I submit herewith the usual statistics on enrollment and attendance at your schools for the school year ending last June and the enrollment for the present year. There are added the figures showing the average cost per pupil for schooling and the cost per pupil by schools. The State's share of the cost is shown in "Classified Accounts" of the School Commissioners.

TABLE I
(September 10)
1933-34

Enrollment	1933-34	1934-35
Center Rutland		
Grades 1 & 2	20	24
Grades 3 & 4	24	21
Grades 5 & 6	40	36
Grades 7 & 8	39	34
	—	—
Total	123	115
Cheney Hill	23	22
Dyer	26	38
Haiti	24	24
Mill Village	23	24
Post	25	25
Pupils with tuition paid	4	4
	—	—
Grand Total	248	252
Percentage of attendance	95.6	
Number of high school pupils	99	
Per capita cost of schooling		
for elementary pupils	\$44.40	
Per capita cost, tuition,		
for high school pupils	\$83.71	

TABLE II
Cost by Schools

School	Expense	Cost per pupil
Center Rutland	\$5,287 96	\$44 44
Cheney Hill	1,064 18	47 30
Dyer	1,185 32	37 04
Haiti	1,083 56	45 15
Mill Village	1,079 92	45 96
Post	1,238 71	49 56
Cost per day, elementary pupils	24.2 cents	
Cost per day, high school pupils	45.7 cents	

These drastic reductions in cost were made possible by lowering teachers' salaries and failure to repair your buildings. The State should further assist you in the matter of school support.

REGARDING THE INSTRUCTION

While the cost of operation of schools is important, a far more important matter is efficient instruction of your pupils. During the year, we have been engaged in attempting to hold costs to a minimum and at the same time to increase the quality and quantity of the work done by the pupils.

After Feb. 1, 1934, your teachers organized their school work with the thought that pupils should progress at their natural individual rates, those more apt at books doing more work and progressing faster unhampered by those to whom school work is less easy: those who wished more time were allowed to take it. We know that this is the sensible thing to do since all pupils find some subjects easier and others more difficult. The pupil is allowed to put more time on his difficult subjects. The average gain in efficiency of the instruction for the whole District on the factual material was over 50% under this plan. This does not mean that the pupils progress 50% faster but that they learned 50% more in a given time. Practically all the pupils did a better grade of work than they had done previously since mastery of the work is sought rather than a "passing grade" of 70%, at the same time no pupil fails.

As new textbooks are added to replace those now in use they should be selected for their fitness for use with individuals. The workbooks used furnish very valuable additional training and cost no more than the paper which would otherwise be used. Reference books are much more needed than formerly. P. T. A. groups could consult with teachers or with me regarding the purchase of such books.

DYER SCHOOL

You will notice in Table I, that Dyer School opened with an enrollment of 38 pupils. All eight grades were represented. It was not to be expected that these pupils could be as well

trained as those in the other schools of the town where the enrollment was much less. Complaint was made regarding the size of the school. I found that by transporting seven pupils to the Center School the whole work of three grades could be eliminated leaving only five grades at Dyer. One other way in which the situation could have been relieved would have been to pay the tuition of eight upper grade pupils from the school to the junior high school in the city. There was no means available with which to pay an extra \$500. in tuition and the Center School could not accommodate so many upper grade pupils. The seven pupils comprising the fourth, sixth and seventh grades were offered transportation to the Center School and the five grades remaining at the school have had a much better opportunity to learn than would otherwise have been the case.

REPORT OF EDUCATION COMMISSION

A Commission appointed by the Governor has reported to the legislature making several recommendations. Of these recommendations four seem to have especial value:

1. That the State distribute more state aid for education and do it in a more equivalent way than at present.
2. That the State Department give more administrative attention to the efficiency of the schools, especially of the high schools.
3. That all supervision of schools be made union supervision except in the cities and large towns having over 40 teachers.
4. The establishment of plans for health education throughout the State.

If these recommendations should be adopted they would affect your towns by giving you \$1,000 more state aid, they would insure you more service from the State Department of Education and result in the physical defects of many pupils being remedied at a low cost or free. There is no certainty that the legislature will make these recommendations into law. It appears to me that Rutland Town would benefit if these changes were made.

RECOMMENDATIONS

Since there is necessity of replacing two sets of chemical tanks and of some work on the roofs of at least two of the buildings in addition to the usual minor routine repairs, I would suggest setting aside \$800 for this purpose. At least half this work will be necessary this year in order that the "Superior" plates may be retained on all your schools.

It appears that you will have an increase of about ten tuition pupils for high school next year. This fact together with the probability that the rebate on high school tuition will not be continued this year makes it necessary that the appropriation for tuitions be increased. At least \$1,000. additional to this year's expenditure will be needed for this purpose.

I wish to express my appreciation of the intelligent cooperation which has been evident between the School Board, the teaching staff, the P. T. A. groups and the parents during the year. Without effort to understand each other your schools can not progress satisfactorily.

Respectfully yours,

WINN L. TAPLIN,
Superintendent.

REPORT OF HEALTH OFFICER

To the Citizens of the Town of Rutland:

I herewith submit my report for the year ending December 31, 1934.

The following communicable diseases were reported:

Whooping Cough	16
Chicken Pox	4
Scarlet Fever	3
Mumps	2
Measles	2
	—
	17

Unfortunately there is a lack of cooperation on the part of some of the citizens in reporting communicable diseases. This adds to the hardship of families and to the expense of the town.

Respectfully submitted,

ARNOLD W. ROWE,
Health Officer.

COMMUNITY GARDENS

The following is a financial summary of the VERA garden program that was carried out in our town.

There were 37 families with 203 people who received \$2.95 for seeds; \$66.65 for fertilizer; \$84.00 for potatoes; \$24.00 for spray. Total cost of supplies was \$177.60.

The results of the garden and canning projects were: 5,691½ quarts canned with a value of \$1,486.80; vegetables valued at \$113.50 and potatoes valued at \$423.50 were in storage; and value of vegetables consumed during the summer was estimated at \$304.00. This makes the total of gross returns \$2,327.80 for the project.

The only expense to the town was \$27 for ploughing. The land used for these gardens was donated by the Vermont Marble Company.

Respectfully submitted,

JOHN DWYER.

Collected and paid to Treas. up to Feb. 1, 1935

\$671 12

Collected and paid to treas. up to Feb. 15, 1935

216 43 887 55

Balance due as per statement herewith on Feb. 15, 1935

\$1,134 79

Total of these three items \$2,022 34

S. F. BUTTERFIELD,
Tax Collector.

AUDITORS' REPORT

We have examined the reports of the various town officers and believe them to be correct.
Since the closing of the books forty-eight dollars has been paid to the treasurer to balance in full the error in the poll tax statement.

EDWIN J. FOX,
G. A. DAVIS,
Auditors.

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 5th, 1935, at 10 o'clock A. M. to act on the following matters namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners:
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.
4. To see what time the several taxes shall be due and payable.
5. To see what compensation the Town will vote for Town Officers.
6. To see if the Town will appropriate a sum of money to secure the use of Rutland Free Library to the inhabitants of the Town and if so, how much?
7. To see what provision the Town will make for the higher education of the scholars of the Town.
8. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
9. To see if license for the sale of malt and vinous beverages shall be granted in this town.
10. To see if spirituous liquors shall be sold in this Town.
11. To transact any other necessary, legal and proper business.

Rutland, Vt. February 8, 1935.

W. W. SEWARD,
JOHN F. DWYER,
O. A. THOMAS,
Selectmen.

Grand List, \$15,064.08.
